

Steps to download and print e-Aadhaar:

- Log onto <http://eaadhaar.uidai.gov.in/>
- Enter the 28 digit Enrollment ID provided at the time of enrollment on their Enrollment slips. If the resident have forgotten/lost their Enrollment ID then they can approach the Nodal officers in that district who have access to the Online Aadhaar search portal through which they can find their Enrollment ID.
- Enter the Name & Pincode and press submit.
- The next screen displays the last four digits of the registered mobile number if the same has been provided at the time of the enrollment to send an OTP (One Time Password).
- If mobile number is not provided during the time of enrollment capture the mobile number from the resident to send an OTP (One Time Password).
- Enter the OTP (One Time Password) received on the resident's Mobile and press submit.
- A download button will be displayed and by clicking it e-Aadhaar is generated in pdf format.
- The e-Aadhaar in the pdf format is password protected and the password is the Pincode of the resident provided at the time of enrollment.
- Enter the password and open the e-Aadhaar form and print if required.
